# WELCOME TO THE 2nd ANNUAL CAREER & INTERNSHIP FAIR

SPONSORED BY THE OFFICE CAREER SERVICES AND INTERNSHIP PROGRAMS

THURSDAY, APRIL 14, 2016, 1:00-4:00PM, ATHLETIC CENTER

This handbook has been prepared to assist you in learning about the diverse number of organizations that are represented at the 2016 Career & Internship Fair. Keep this handbook as a reference guide to utilize throughout the year. Read profiles to receive a brief overview of each organization's background, products and services.

- Read organization descriptions so that you do not miss opportunities
- Introduce yourself to representatives, shake hands, and thank the representative for coming to the Career Fair
- Obtain a business card from agency representatives you may want to contact at a later date
- If the division of an organization at the Career & Internship Fair is not the area in which you are interested, talk with the representative and ask for a contact name or referral
- Each recruiter should get a copy of your resume, and/or business card
- Be enthusiastic & GOOD LUCK!!!

Remember to stop by the Career Services Office throughout the year to get assistance with job search strategies and career plans.

## About Career Services

---

Career Services seeks to educate students in all phases of their career development with the tools necessary to make gratifying career decisions to develop and transition successfully in a diverse and global society.

# WHAT YOU'LL LEARN IN THE MANAGEMENT TRAINING PROGRAM

## Customer Service

Customer service is our way of life. We maintain an uncompromising focus on customer service, from our distinctive professional dress and courteous demeanor, to our practice of directly linking career advancement opportunities to the actual customer service we provide. In most cases, Management Trainees serve as the customer's main point of contact at an Enterprise branch, so you will be trained to handle all customer-facing situations. These situations include handling phone and walk-in inquiries, and assisting the customer in all phases of the rental process. Out of everything you learn, this is the one skill you'll use every minute of every day you're at Enterprise.

## Sales and Marketing

In our Management Training Program, you'll learn how to run a million-dollar business, lead a team of professionals and get your sales and marketing techniques down to an art and a science. You'll work with your Branch Manager and co-workers to run a successful operation. You'll work with individual customers, but over time, you'll also begin to build relationships with local business partners. Ultimately, we will train you to make calls on insurance agents, dealerships, auto body shops and hotels to promote our services, our cars, our rates and our professionalism.

## Financials

This is the "running a business" part of the Management Training Program. After all, profits are what make a business successful. We'll start with basic accounting and finance principles, progress to more advanced topics and eventually put you in charge of the profit and loss statement for your branch. And once you reach an Assistant Branch Manager position, part of your compensation comes from the profits of your branch. The better you perform, the better Enterprise performs, and the more you earn.

## Logistics

Things can get pretty hectic at an Enterprise branch. There are customers, cars and employees buzzing around all day. While managing your team, you'll also be responsible for a fleet of as many as 200 vehicles. You will be responsible for deciding the number and type of cars to prepare for rent, and determining service schedules for the vehicles. In addition, you'll learn everything from creative time-management techniques to innovative organizational tools. It will all help you keep your branch running smoothly – and prepare you for wherever your career takes you.

## Entrepreneurship

Our program is known throughout the business community at large because we set the standard for training future leaders. And the reason is simple. As the world's largest rental car company, our hands-on learning environment is uniquely designed to give you real-world experience and help you reach your full potential. Our intensive program builds on your entrepreneurial spirit and gives you the skill set – a virtual on-the-job MBA – to make the types of crucial business decisions you'll be charged with every day. At Enterprise, each employee has the opportunity to be an influencer. The idea of picking up our customers was developed in 1974 by one of our managers in Florida, and the service quickly spread across the country. It's just one example of how our commitment to listening to our people helps us grow our business and in turn, helps you grow your career.

Education

Our comprehensive programs are managed locally in a haul-in/haul-out, leave-no-trace, soup-to-nuts format that challenges kids to investigate their world through science, art, and technology. We base our programs on three fundamental principles – Learning, Fun and Safety. Every member of our program staff is background-checked and trained in both curriculum and safety procedures. We work closely with our clients to follow every protocol to safeguard the children in our care. Our curriculum is structured around an experiential environment where we engage kids in challenging activities.

**Employment Opportunities:** We offer full-time in the summer. Do you like to work with kids and a wicked cool team during the summer time? We are looking for experienced educators to staff our summer programs. Programs run 9 am to 4 pm (full time) or 9am to 12pm (part time) for one week between June 27 and August 29. Full day and half day positions and multiple weeks available.

**Part-Time:** Wicked Cool For Kids is seeking after school program teachers, in school teachers as well as school vacation teachers in multiple communities to lead our science, engineering and Lego programs starting in late January. We provide supplies, training and teacher support. Our programs run 6 or 12 weeks and are usually one hour long, but employees are also paid for prep, training and set up. This is an independent, fun job but you must meet the requirements to be considered. We set you up for success. If you love to teach kids – and are a hands-on type of teacher –you may be Wicked Cool! Experience teaching science is not necessary – just a great attitude and a willingness to learn our programs.

**THE CAREER & INTERNSHIP FAIR** is an excellent opportunity for you to gather information about career fields and specific organizations of interest. The Fair provides you opportunities to learn more about potential jobs and internships, create connections with recruiters, and market yourself to a variety of organizations. Here are some tips to help you make the most of your experience.

### **CAREER FAIR TIPS**

- This event is designed to facilitate conversations with employer representatives about job opportunities and internships.
- The employers are here to meet YOU. Don't hesitate to approach a table or join a group already in discussion.
- Ask questions, pick up printed materials, and ask for business cards.
- Have fun and enjoy your conversations!

### **STEPS TO A SUCCESSFUL FAIR EXPERIENCE**

**Step 1:** Choose five companies that you are very interested in learning more about and then select three additional companies you would also like to speak to at the fair.

**Step 2:** Make a good first impression! Greet the employer and introduce yourself (first and last name). Be sure to smile, make eye contact and use a firm handshake.

**Step 3:** Use your "60 second introduction" to sell yourself! Be ready to state what you can offer a company in regards to your skills and experience. (If you need help with this, visit the Career Services table.) Ask a few relevant questions.

**Step 4:** Be sure to get the recruiter's name and a business card whenever possible. Jot down notes after speaking with a recruiter so you can personalize the thank you notes you send after the fair. Evaluate how it went after leaving the table.

**Step 5:** Within a couple of days after the fair, write personalized emails to thank the recruiters for their time. (Have a friend proofread your email before you send.) Follow each employer's specific application instructions.

**Step 6:** Visit the Career Services table to ask any questions you may have about navigating the Career Fair.

### **SAMPLE QUESTIONS**

What skills or experiences do successful candidates have?

What are the typical first assignments for an entry-level person in your organization?

What responsibilities are given to interns?

What should I do next to learn more about this career field/organization?

**Important Note:** *A Career Fair is only one of multiple ways to explore career opportunities. The organizations that come to a fall career fair are the ones that are able to predict hiring needs in advance. Talk to someone in Career Services about hiring timelines for career fields that interest you and how to develop your individual job or internship search.*
