COMING SOON - NEW STUDENT ACCOUNT CENTER PORTAL

We will be introducing some exciting new system enhancements to provide more convenience and ease for our families to manage their education expenses in a one-stop, real time environment.

This is a service Lasell College will provide through the Student Account Center (SAC) administered by Tuition Management Systems (TMS). This online portal will allow you to receive billing statements, view up-to-the-minute account activity, make payments, and enroll in an optional semester monthly payment plan.

What to Expect:
Due to federal student privacy regulations (FERPA), initial access to the Student Account Center is granted only to the student by logging in with their school credentials at my.lasell.edu and selecting Self Service.

After logging into the Student Account Center, students will have access to a portal that will offer the following features:

- **Account Summary Data** – available 24/7 with real time updates.
- **Account Activity** – also available 24/7 with real time updates.
- **Statements** – view account statement, including financial aid.
- **View Available Payment Options** - including enroll in a payment plan starting on June 1, 2015, or make one-time payments by available payment methods.
- **Ability to Share Account Access** – Select “Manage Account Access” and share access with additional family members or other participants that are frequently critical partners in this process. An email with activation instructions will be sent to the invited participant.

These and many more robust features have been included in this system. More information will be provided later.
